

Hi HSC Members,

As you will be all aware, several new measures have been announced by the Government to try and keep us all safe and well.

These new rules are not “guidance” they are now mandatory by law. Failure to comply by individuals or premises could lead to possible fines. In the case of individuals, the fines start at £200 for the first offence. For the club, the fine could be as high as a punitive £10,000.

It is therefor vital that we comply with these rules. Not just to avoid sanctions but to also to keep all our fellow members safe and well.

Full details of the new rules can be found on the link above or on the front page of the website, please read through and make yourselves familiar with it all.

Now, on an exciting note

We have some good news!!

The Committee is delighted to announce that the club has just received an incredibly generous donation from a local benefactor of £12,500. Melanie's family, that includes her two young children Matilda and Edison, recently moved to Mudeford and live just across the water from the club. They have watched all of our activities with great interest and have asked that the donation be focused as much as possible on youth development

which opens up lots of opportunities over the next few years to do things that we simply could not afford before.....thinking caps on! So a big thank you from all the members and we will keep you posted on youth development ideas for next season. For those members with juniors, we would like to hear from you in due course.
